

GRANITE FALLS SWIM AND ATHLETIC CLUB

LOCATION: Rolesville, North Carolina

DESCRIPTION:

60,000 sq. ft. full service athletic & aquatic facility featuring a state-of-the-art fitness center; full array of land, cycle, and aqua classes; outdoor pool with lazy river, slide, and sprayground; year round indoor competition size pool; kidzone featuring kids & teen programming; and personal training.

PARAMOUNT EQUIPMENT:

Strength - SP Circuit, XL Series, PFT-200 Functional Trainer, Modular System, Plate Loaded, and Free Weights.

Joy Jarman, Director of Amenities of Granite Falls Swim & Athletic Club, shares her experience, "Our members are mostly hard working families that are looking to get a good, quick, and efficient workout. We chose Paramount Strength equipment because it is user friendly, biomechanically sound, and aesthetically pleasing. My favorite piece is the PFT-200A Functional Trainer because it offers horizontal and vertical adjustment of the arms to allow for more options for personal training than other functional trainers."
