7.55T Treadmills, 6.85E Elliptical Trainers, Fitnessline Circuit, PFT-200A Functional Trainer

“The new Mid County Recreation Center is the perfect venue for families of Montgomery County to gather, socialize, and participate in organized activities for both adults and children. With a strong emphasis on fitness, we expect our weight room will be one of the most popular features of this new complex. Thanks to Paramount, Heartline Fitness, and our local representative, Jason Malecki, I’m confident we will be enjoying our fitness center for many years to come.”

William Kaarid
Director of Recreational Facilities

Installation: Heartline Fitness, Gaithersburg, MD
