**PARAMOUNT EQUIPMENT:**  
SP Circuit

Paramount Fitness Corporation (PFC) has a long standing reputation for excellence in its field. Its reputation with strength enthusiasts make it one of the top choices for facilities that are choosing equipment today.

For example, Paramount was installed in the Rocky Run branch of the YMCA of Philadelphia and Vicinity prior to its opening. When Dave Mullin, III, Senior Physical Director of that branch came on board, he had no second thoughts about adding to and replacing old Paramount equipment with new. "I am a fan of Paramount from other places that I've worked. When we came up for [equipment] replacement two years ago, I had a significant role in deciding what we would buy and I never thought about using any other equipment. I have always liked the look and the feel of the Paramount lines since I started working in the field and working out," Mullin says.
